

From the editor's desk ...

The summer appears to have been a relatively quiet period for almost everyone, judging by the submissions and notices that I received. I am certain that this situation will change given the interesting conferences and meetings that are coming up.

Details on the upcoming FCD conference, the ADQ conference and the CPS meetings at the next Congress of the Social Sciences and Humanities are included in this issue of the Newsletter. I apologize ahead of time for not having translated the ADQ announcement. My summer was anything but quiet and I simply did not have the time to translate the article. There may be a silver lining to this – many of you will have the opportunity to practice your French.

I would like to renew a request I made a number of issues ago. Please send me the URLs of any interesting web sites and notices of upcoming conferences. I will include them in the Newsletter.

Gustave Goldmann, editor.

From the CPS Council ...

Rod Beaujot

Let me follow up on two things that are on pp.12-14 of the July 2001 CPS Newsletter (vol. 28, no 1): First, we are considering the idea of having some kind of training sessions preceding the Toronto CPS meetings. Please make any suggestions known to Ravi Verma and Gustave Goldmann who have volunteered to investigate the feasibility and interest, and organize such a training.

Second, we are exploring further the question of having Canadian Studies in Population on-line. Judith Rempel is setting up a proto-type. We need to have a committee of people who are interested in or concerned about this idea, to develop a further proposition to be considered at the Toronto meetings. Please let me know if you would like to be on this committee: Rbeaujot@uwo.ca

The Student Corner

I have a small suggestion for the "Student's Paper Competition" that is being held every year during our CPS (Canadian Population Society) Conference. My concern is that we have a small circle of population scholars who are also members of CPS. And we have only a handful of students who are in demography program. Almost everybody knows everyone. So, it is highly likely that the reviewers of students' papers know who the author is, especially if the student's paper deals with a specific country. It may be a better idea if the papers are sent to reviewers who are not members of CPS. I am not saying that the reviewers would be biased. But it is always better to send to reviewers who do not know the students or the field in which the students work.

The Federation of Canadian Demographers

The next meeting of the Federation of Canadian Demographers (FCD) will be held on December 14 and 15, at Carleton University, Ottawa. The conference programme and the registration form are included elsewhere in this Newsletter.

Travel Assistance for members of the Canadian Population Society: At the June General Assembly we voted to allocate \$5,000 to the FCD meeting, mostly to help pay travel costs for CPS members who are unable to find alternate funding. We will think first of students and of persons presenting papers, but persons who are not presenting papers may also apply. In order to receive this funding, you need to apply by December 1 to Rajulton Fernando (fernando@uwo.ca) indicating an approximate budget and what other funds are available to you. Clearly, costs need to be kept to a minimum, especially airfares, but also lodging (maximum of \$90.00 per night) and meals (\$40.00 per day). CPS will not pay registration.

Susan McDaniel is continuing as Editor, CURRENT SOCIOLOGY, an official journal of the International Sociological Association, through August 2002. She is also continuing as Chair, Expert Advisory Committee on Science and Technology, Appointed by the Chief Statistician of Canada, 1996. In addition the Chief Statistician appointed her as a member of the 2001 Census Communications Committee. Susan is also a member of the Royal Society Women in Scholarship Committee for 2000-2001 and of the International Scientific Committee for the 2001 BUGS International Conference which will be held in Montreal in April 2002. She also serves on the Editorial Board of *Women's Health and Urban Life*.

Susan was invited to present a paper titled "Gender

and Social Cohesion" at the 2001 meetings of the *Canadian Sociology and Anthropology Association*, Laval University, Quebec City, May/June 2001. She has also been invited to present two papers at the upcoming **2001 BUGS: International Sociological Association Conference**: "Information and Communications Technologies: Bugs in the Generational Ointment?" to be presented in plenary and "Continuities and Transformations: Challenges to Capturing Information about Information Society" (with Fred Gault, Statistics Canada).

Russell Wilkins co-presented two papers with F. Mayer, N. Ross and J-M Berthelot at the International Network on Health Expectancy, REVES 13, Vancouver BC, June 28-30, 2001: "Health expectancy within health regions in Canada, 1996." and "Health expectancy by neighbourhood income in Canada using census disability data for 1996.". He was also invited to make a presentation on "Geocoding issues when adding socioeconomic and spatial dimensions to health data based on small-area geographic coding" at the APHEO 2001 Conference on "GIS: Tools for Mapping Public Health", Association of Public Health Epidemiologists in Ontario, Huntsville ON, October 1-2, 2001. Finally, Russell co-presented (with Edward Ng and Jean-Marie Berthelot) "Trends in mortality by income in urban Canada from 1971 to 1996" at the Health Analysis and Measurement Group (HAMG) Seminar Series, Jean Talon Conference Room, Statistics Canada, Ottawa, October 4, 2001.

2002 Canadian Population Society Meetings

Toronto, May 29 to 31, University of Toronto and Ryerson Polytechnic University

Dear Colleagues:

Though the 2001 CPS meetings are barely over, we need to think ahead to next year's sessions. I am asking you to submit to me your ideas and suggestions for session themes, special panel sessions, symposia and anything else of relevance toward the effective planning our meetings. I would also appreciate receiving notice of your willingness to organize and chair sessions. Some of you may---even at this early stage---have abstracts or even papers ready for possible submission. Feel free to send these along to me at your earliest convenience. The deadline for submitting suggestions is September 15, 2001. Please include details such as the session title, the names and addresses of suggested organizers / chairs and other relevant information. I look forward to hearing from you. Thank you.

2002 - Colloque de l'Association des démographes du Québec (ADQ)

Le thème du colloque de démographie au 70e Congrès de l'Acfas sera L'impact des changements démographiques sur les sociétés vieillissantes. Le congrès se tiendra du 13 au 17 mai 2002 à Québec à l'Université Laval (les dates du colloque de démographie n'ont pas encore été fixées). Vous êtes donc invités à présenter les résultats de vos travaux dans le cadre de ce colloque, mais aussi en communication libre dans la section Démographie. Notez que la date limite pour présenter une proposition de communication est le 23 novembre 2001. Les inscriptions se font directement au secrétariat de l'Acfas, via internet, à l'adresse suivante : <http://www.acfas.ca/congrès> . De plus amples informations sur le congrès se trouvent aussi sur ce site.
