

Post-Doctoral Opportunities at Statistics Canada

This one-year post-doc is a great opportunity to conduct policy-relevant research in spatial epidemiology, micro-simulation, Aboriginal health, demography, or economics within an environment that is rich with mentoring and training opportunities. The deadline to apply is March 15: details available here <https://psjobs-emploisfp.psc-cfp.gc.ca/psrs-srfp/applicant/page1800?toggleLanguage=en&noBackBtn=true&poster=203858&psrsMode=1>
